

How to register for modules / lectures, examined assessments and exams

Only for students who are managed exclusively in the selma student portal. The modules and examinations of the Faculty of Business Administration and Economics listed here are shown as examples.

You can only register for an examination **once you have registered for the corresponding module**. Similarly, just registering for the module is not enough to be allowed to take the exam. You must always register for a module first, and then register for the exam if you wish to take it.

To register for a module, select **Register | Deregister** under the menu item **Modules | Lectures**, then navigate to the relevant section.

The screenshot shows the Selma student portal interface. On the left is a sidebar menu with options: Start Page, Modules | Lectures (expanded), Exams, Schedule, Application, Organisation of Studies, Documents | Notifications | Certificates, Messages, Account, and List of Lectures. Under 'Modules | Lectures', there are links for 'Register | Deregister' and 'Compulsory Elective'. The main content area is titled 'Registration for modules and courses' and shows the breadcrumb path: 'Betriebswirtschaftslehre Master of Science > Elective Compulsory Field'. Below this, there are three columns of module listings. The first column, 'Area Business Administration', lists: Area Methods and Procedures, Area Presenting and Discussing, Area Research Design, and Area Supplementary Qualifications. The second column, 'Profile Accounting and Finance', lists: Profile Learning and Human Resources Management, Profile Management and Marketing, Profile Operations and Logistics Management, and Profile Sustainability Management and Energy Economics. The third column, 'Profile Accounting and Finance', lists: Primary Modules Accounting and Finance and Secondary Modules Accounting and Finance.

This screenshot shows a more detailed view of the registration process. The breadcrumb path is: 'Betriebswirtschaftslehre Master of Science > Elective Compulsory Field > Area Business Administration > Profile Accounting and Finance > Primary Modules Accounting and Finance'. Below this, there is a table with the following columns: 'Course offering', 'Instructors', 'Time period', 'Registration group', 'Location', 'Reg. deadl.', 'Reg.part.', and 'Max.'. The table lists four courses, each with a 'DEREGISTER' button. The last row, for 'M1001-XRÖRL Regulation and Economics of Accounting (WiSe 2024/25)', has a 'REGISTER' button highlighted with a yellow box.
